Individual Income Tax: General Information and FAQs

Frequently Asked Questions

Getting Started

Do I need to file a South Carolina Individual Income Tax return?

If you answer YES to any of these questions, you must file a South Carolina Individual Income Tax return.

- **Resident taxpayers under age 65:**
 - Were you required to file a federal Income Tax return which included income taxable by South Carolina? (Residents of SC are taxed on their entire income, regardless of where it was earned, unless specifically exempted by law.)
 - Did you have South Carolina Income Tax withheld from your wages?
- **Resident taxpayers age 65 or older:**
 - **Married filing jointly (both age 65 or older)** - Is your gross income greater than the federal gross income filing requirement amount plus \$30,000?
 - **Any other filing status** - Is your gross income greater than the federal gross income filing requirement amount plus \$15,000?
 - Find the federal gross income filing requirement amount in the federal 1040 instructions, available at [irs.gov](https://www.irs.gov).
 - Did you have South Carolina Income Tax withheld from your wages?
- **Nonresidents:**
 - Did you have South Carolina Income Tax withheld from your wages?
 - Did you have South Carolina gross income, including income from rental property, businesses, or other investments in South Carolina?

Am I a resident or nonresident?

You are a South Carolina **resident**, even if you live outside of South Carolina, if all of the following are true:

1. Your intention is to maintain South Carolina as your permanent home.
2. South Carolina is the center of your financial, social, and family life.
3. When you are away, you intend to return to South Carolina.

You are a **nonresident** if your permanent home is outside of South Carolina for the entire year and none of the above applies.

For more information on residency and domicile, refer to **Determining a Taxpayer's Domicile for Income Tax Purposes**, available at dor.sc.gov/policy

What is my residency status if I moved into or out of South Carolina during the tax year?

You are a part-year resident and may consider yourself a full-year resident or nonresident.

If you file as a full-year resident, file the SC1040. Report all of your income as though you were a resident for the entire year. You will be allowed credit for taxes paid on income taxed by South Carolina and another state, if applicable. Complete the SC1040TC and attach a copy of the other state's Income Tax return.

If you file as a nonresident, file the SC1040 with the Schedule NR. You will be taxed only on income earned while a resident in South Carolina and income from South Carolina sources. You will prorate your deductions. All personal service income earned in South Carolina must be reported.

You may choose the filing method that is most beneficial to you. This option is only available for the tax year that you are a part-year resident.

How should I file if I am a nonresident of South Carolina but work in this state?

File the SC1040 with the Schedule NR. You will be taxed only on income earned in South Carolina and will prorate your deductions. You must report all personal service income earned in South Carolina.

How should I file if I am a full-year South Carolina resident but my spouse is not?

If you file a **joint** federal return, you must file a **joint** SC1040 with the Schedule NR. You will report all income for the entire year to South Carolina. Your spouse will only report income earned in this state.

If you file **separate** federal returns, you must file a **separate** South Carolina return. Your spouse must also file a separate South Carolina return if they have income taxable by South Carolina.

What is my residency status if I am in the armed forces?

- If you enter the armed forces when you are a South Carolina resident, you keep your South Carolina residency status, even if you are absent from the state on military orders. You are subject to the same residency requirements as any other South Carolina resident and are required to file a South Carolina Individual Income Tax return.
- If you are not a South Carolina resident but are stationed in this state by military orders, your military income is not subject to South Carolina Income Tax. If you have other earned income subject to South Carolina tax, file the SC1040 with the Schedule NR. Your spouse may be exempt from South Carolina Income Tax on income from services performed in South Carolina under the Federal Military Spouses Residency Relief Act. See the Schedule NR instructions, available at dor.sc.gov/forms, for more information.

Use Tax

Do I need to pay South Carolina Use Tax?

Use Tax is due on purchases outside of South Carolina for use, storage, or consumption in South Carolina. Use Tax is paid to the SCDOR when state Sales and Use Tax has not been collected by the seller.

You may need to pay Use Tax if you make purchases:

- from retailers online
- from out-of-state catalog companies
- from home shopping networks
- when visiting another state

The tax rate for the Use Tax is the same as the Sales Tax rate. The rate is determined by where the tangible personal property will be used, stored, or consumed, regardless of where the sale takes place. For more information and updated tax rates, visit dor.sc.gov/tax/use.

You have three options for reporting and paying Use Tax:

1. On line 26 of your SC1040. Calculate your Use Tax using the SC Use Tax Worksheet included in the SC1040 Instructions, available at dor.sc.gov/forms. No additional paperwork is required.
2. Use our free online tax portal, MyDORWAY, at MyDORWAY.dor.sc.gov. Log in to your existing account or create a new account to get started. No additional form or paperwork is required.
3. Mail the UT-3 with your check to: **SCDOR, Sales Taxable, PO Box 100193, Columbia, SC 29202**. Make your check payable to SCDOR. Include your name, SSN, and UT-3 in the memo.

Do not send cash.

Submitting your SC1040 and Due Dates

When is my return due?

A return for calendar year 2024 is due by April 15, 2025.

A return for a fiscal year tax period is due by the 15th day of the fourth month following the close of your tax year. On the front of the return, complete the dates covered by the fiscal year.

However, you will not be subject to penalties and interest if you file and pay electronically by May 1, 2025. If you don't file and pay by May 1, 2025, penalties and interest will be charged from the tax due date (April 15, 2025) until you file and pay.

The May 1, 2025 electronic incentive does not apply to federal returns or returns submitted by paper.

Extensions

How do I get more time to file?

If you need more time to file your South Carolina return:

- Request an extension to file by paying your balance due on our free online tax portal, MyDORWAY, at dor.sc.gov/pay. Select **Individual Income Tax Payment** to get started. You do not need to log in or create a MyDORWAY account. Your payment on MyDORWAY automatically submits your filing extension request. No additional form or paperwork is required. You must pay at least 90% of your state tax due with the extension by April 15, 2025.

- If no Income Tax is due, and you have been granted an extension of time to file your federal Income Tax return, we will accept a copy of the federal extension. You do not need to send us a copy of the federal form by the due date of the tax return.
- If you do not have a federal extension, and you have not paid your balance due on MyDORWAY, you must file the SC4868, Request for Extension of Time to File, by April 15, 2025.
- When you file your return, mark the **Extension** box on the front of your SC1040 return to indicate you filed an extension.
- Enter any payment made with your extension request on line 18 of your SC1040.

Can I extend the time to pay my taxes?

An extension allows additional time to file your SC1040, but **not to pay any taxes due**. You will be charged interest, at the prevailing federal rates, on any unpaid tax. Interest is applied from the original due date of the tax return to the date of the payment. In addition to the interest, you will be charged a penalty of 0.5% per month for failure to pay at least 90% of the total tax due by the original due date. The penalty will be imposed on the difference between the amount paid with the extension and the tax to be paid for the period.

A **Penalty and Interest Calculator** is available on MyDORWAY, our free online tax portal, at dor.sc.gov/calculator.

What are the penalties for failing to file a return or filing a fraudulent return?

Any person who deliberately fails to file a return, files a fraudulent return, or attempts to evade the tax in any manner may be liable for a penalty up to \$10,000, imprisoned for up to 5 years, or both.

Rounding

Do I need to round amounts on my return?

Round cents to the nearest whole dollar on your return and schedules. For amounts less than 50 cents, round down to 0. For amounts of 50-99 cents, round up to the next dollar. For example: \$2.15 becomes \$2, \$3.50 becomes \$4, and \$4.75 becomes \$5.

Refunds

When will I get my refund?

You can check your current year refund status on our free online tax portal, MyDORWAY, at dor.sc.gov/refund. To avoid long waiting times, we recommend checking your status online before calling us. Our refund status application is updated nightly and has the same information as our representatives. Processing your return and refund is expected to take up to 8 weeks from the date you filed. If you have not received your refund more than 8 weeks after filing your return, contact us at 1-844-898-8542.

Deceased Taxpayers

How do I file a return for a deceased taxpayer?

If a person received income during this tax year but died before filing a return, the SC1040 should be filed by their surviving spouse or by an executor or administrator. Use the same filing status that was used on their federal Income Tax return. Mark the **check if deceased** box next to the decedent's Social Security Number.

The due date for filing is the same as for federal purposes. In the signature area of the return, write **Filing as surviving spouse**, if applicable. A personal representative filing the return must sign in their official capacity and attach the SC1310, Statement of Person Claiming Refund Due a Deceased Taxpayer, available at dor.sc.gov/forms. Any refund will be issued to the decedent's surviving spouse or estate.

Tax Records

What tax records do I need to keep?

Keep a copy of your return and any schedules, worksheets, or statements used to prepare your return. Keep records that support an item of income or a deduction appearing on the return until the limitations period for the return runs out. The limitations period is generally three years from the date the return was filed or due, whichever is later.

Save any records concerning property, home, stocks, and business property you bought and may sell later. The records kept should show the purchase price, date, and related cost. For real property, records should show the costs and date of the improvements.

Your return may be audited by the IRS or the SCDOR. If audited, the law requires you to show proof of your income, expenses, and the cost of assets.

Estimated Tax

Do I need to file a Declaration of Estimated Tax?

You must file an SC1040ES, Declaration of Estimated Tax, if you expect to owe an Income Tax liability of \$100 or more with the filing of your SC1040.

Use the Estimated Tax Worksheet, found in the instructions of the SC1040ES, to compute your Estimated Tax for tax year 2025:

- If you are a resident of South Carolina, use your 2024 SC1040 as a basis for figuring your Estimated Tax.
- If you are a nonresident of South Carolina, use your 2024 SC1040 and the Schedule NR as a basis to calculate the modified South Carolina taxable income to enter on line 3 of the worksheet.

Forms are available at dor.sc.gov/forms.

The following taxpayers **do not** have to file a Declaration of Estimated Tax:

- Farmers and commercial fishermen whose gross income from farming or fishing for 2024 or 2025 is at least two-thirds (66.67%) of their total gross income from all sources. Instead of making four quarterly Estimated Tax payments, farmers and commercial fishermen may choose to pay all of their Estimated Tax by January 15, 2026 or file their 2025 SC1040 and pay the total tax due by March 2, 2026.
- Individuals whose prior tax year liability was \$0 for a full 12 months.
- Nonresidents of South Carolina doing business in this state on a contract basis where the contract is more than \$10,000 and tax is withheld at 2% from each contract payment.

What are the penalties for failing to pay Estimated Tax?

You may be charged a penalty if:

- You do not pay enough Estimated Tax.
- You do not make your payments by the due date and for the required amount.
- You do not pay at least 90% of the total due. You will not be charged a penalty if your underpayment results from personal service income earned in another state and tax was withheld by the other state.

You can avoid a penalty if you make timely Estimated Tax payments equal to 100% of the tax shown on your SC1040 for the prior tax year (the 100% rule). You must have filed an SC1040 for the prior tax year, and it must have covered a 12-month year.

If the adjusted gross income on your prior year South Carolina Individual Income Tax return was more than \$150,000, the 100% rule is adjusted to 110% of the last year's tax liability. Calculate adjusted gross income by using federal guidelines and making South Carolina adjustments.

Refer to the SC2210, Underpayment of Estimated Tax by Individuals, Estates, and Trusts, available at dor.sc.gov/forms for more information on computing the underpayment penalty

How do I file the Declaration of Estimated Tax?

Save time and paper by filing using our free online tax portal, MyDORWAY, at dor.sc.gov/pay. Select **Individual Income Tax Payment** to get started. You do not need to log in or create a MyDORWAY account. Do not mail the SC1040ES if you pay online.

If you pay by check, make your check payable to SCDOR. Include your SSN, tax year, and SC1040ES in the memo. **Do not send cash.**

Mail your SC1040ES and payment to **SCDOR, IIT Voucher, PO Box 100123, Columbia, SC 29202**. Forms are available at dor.sc.gov/forms.

Amended Returns and Adjustments

Filing an Amended Return

When should I file an amended return?

File an amended return if you were audited by the IRS, or if you amended your federal tax return, unless there was no impact on your state return. An amended return is also necessary if you omitted income, claimed deductions or credits that you were not entitled to, failed to claim deductions or credits you were entitled to, or changed your filing status after you filed your initial return.

You may apply for a refund on either an amended or delinquent return for any tax period which is open under the statute of limitations. The SCDOR will not issue a refund for requests received beyond the limitations period.

In general, a claim for refund must be filed within three years from the date the return was filed or originally due. The refund is limited to the tax paid within the past three years plus the period of any extension. Withholding, Estimated Taxes, and amounts paid with extensions are considered to have been paid on the date the return was originally due.

If a claim is not filed within three years from the date when the return was filed or originally due, the refund is limited to tax paid during the past two years.

How do I file an amended return?

- File a new SC1040 and check the **Amended Return** box on page one of your return. Complete the return as it should have been filed, including all schedules and attachments. Complete the Schedule AMD, Amended Return Schedule, and submit it with your amended SC1040.
- The SCDOR accepts electronically-filed amended returns. Check with your software provider to be sure their products can file amended returns. If you're filing electronically, the Schedule AMD will be included as part of the electronic return process.

Forms are available at dor.sc.gov/forms.

Audits and Adjustments

What if I am audited by the IRS?

If you receive a refund or owe additional federal tax, you must file an amended SC1040, along with a Schedule AMD, after the federal audit report becomes final. If filing by paper, check the **Amended Return** box on page one of the SC1040 to indicate that the return is amended.

Why was my refund adjusted?

The SCDOR assists other state agencies, institutions of higher learning, political subdivisions of the state, and the IRS in collecting overdue balances. All or part of your refund can be sent directly to these claimant agencies if they notify us that you have a past-due account with them. This may include balances for hospital bills, EMS bills, student loans, and utility bills.

The SCDOR charges a \$25 administrative fee to complete a refund setoff. If any of your refund is sent to a claimant agency, the SCDOR will notify you in writing. If your refund exceeds the amount owed the claimant agency plus the \$25 administrative fee, the balance will be issued to you.

If you believe that you do not owe the debt, the amount sent was incorrect, or the debt has already been paid, **you must contact the claimant agency, not the SCDOR**. Our written notification to you will include contact information for the claimant agency.

Social Security Privacy Act Disclosure

It is mandatory that you provide your Social Security Number on this tax form if you are an individual taxpayer. 42 U.S.C. 405(c)(2)(C)(i) permits a state to use an individual's Social Security Number as means of identification in administration of any tax. SC Regulation 117-201 mandates that any person required to make a return to the SCDOR must provide identifying numbers, as prescribed, for securing proper identification. Your Social Security Number is used for identification purposes.

Individual Taxpayer Identification Number (ITIN)

If you are a nonresident or resident alien and cannot get an SSN, contact the IRS to apply for an Individual Taxpayer Identification Number (ITIN) for the purpose of filing Income Tax returns. South Carolina will accept this number in place of an SSN to process your Individual Income Tax returns. For more information, contact the IRS at 1-800-829-1040 or visit [irs.gov](https://www.irs.gov). We cannot accept your return for processing without complete SSNs or ITINs.

Federal Taxable Income

Line 1: Federal Taxable Income

Enter your taxable income from your federal form. **If your federal taxable income is zero or less, enter zero** here and enter your negative amount on line r.

STOP! If you are a nonresident/part-year filer you must complete the Schedule NR and go to line 5. See the Schedule NR instructions, available at dor.sc.gov/forms.

Additions to Federal Taxable Income

Enter all numbers on **line a through line e** as positive numbers even if they are negative numbers on the federal return. **Line a through line e** are adjustments which must be added to your federal taxable income to determine your South Carolina taxable income. Line 2 is the total of these additions.

Line a: State tax addback

If you itemized your deductions on your federal Income Tax return and deducted state and local Income Tax or general Sales Tax, you may be required to add back all or part of this amount to your federal taxable income when computing your South Carolina taxable income.

Federal law limits your total deduction for state and local Income, Sales, and Property Taxes to a combined total deduction of \$10,000 (\$5,000 if Married Filing Separately). You can't deduct any state or local taxes paid above this amount.

In determining the state tax addback for a taxpayer whose tax deduction is limited to \$10,000, you may first apply real or personal Property Taxes reported on federal Schedule A, lines 5b and 5c before applying state and local Income Taxes or general Sales Taxes reported on federal Schedule A, line 5a.

The state tax addback required for South Carolina is the lesser of your:

- a. itemized deductions in excess of the standard deduction that would have been allowed if you had used the standard deduction for federal Income Tax purposes;
- b. state and local Income Taxes or general Sales Taxes from your federal 1040, Schedule A, line 5a;
or
- c. the \$10,000 federal tax deduction limit less deductible Property Taxes.

Use the worksheet below to compute the state tax addback on the SC1040. Do not submit this worksheet with your return. Keep it with your tax records.

Worksheet for state tax addback

1. Itemized deductions from 2024 federal 1040, Schedule A line 17.	1. _____
2. Enter the federal standard deduction you would have been allowed if you had not itemized. Enter zero if filing status is Married Filing Separately (MFS). (See federal instructions.)	2. _____
3. Subtract line 2 from line 1. (Enter zero if line 2 is greater than line 1.)	3. _____
4. Enter the amount of state and local Income Tax or general Sales Tax from federal Schedule A.	4. _____
5. Subtract real estate taxes and personal property taxes reported on federal Schedule A from the federal limit of \$10,000 (\$5,000 if MFS). Enter the difference but not less than zero.	5. _____
6. Enter the lesser of line 3, line 4, or line 5. Enter this amount on SC1040 line a.	6. _____

Line b: Out-of-state losses

Enter losses from:

- out-of-state rental property
- businesses located outside South Carolina
- real property located in another state

Enter the total amount of out-of-state loss from your federal return, including any related expenses. Personal service income (W-2 or business wages) is taxable to South Carolina no matter where it is earned.

Line c: Expenses related to National Guard and Military Reserve income

Enter the expenses from your service in the National Guard or Reserves that you deducted on your federal return. You will deduct your income from the National Guard or Reserves on line n of the SC1040.

Line e: Other additions to income

Attach an explanation of your entry for this line. Some examples of items to enter on this line are:

- Taxpayers who claim bonus depreciation under federal law must add back the difference between the bonus depreciation taken and the depreciation which would have been allowed without bonus depreciation.
- Taxpayers who claim a nonrefundable credit for contributions to Exceptional SC (TC-57) are not allowed a deduction for these contributions. Add back the amount of the contribution deducted on the federal return.
- Taxpayers who claim a child care program credit for donations to a nonprofit corporation (TC-9) are not allowed a deduction for those donations. Add back the donation deducted on the federal return.

- Taxpayers who claim credits such as the Community Development Credit (TC-14), the Industry Partnership Fund Credit (TC-36), and the Credit for Child Care Program (TC-9), may not claim a deduction for the same qualified contribution which results in the credit. Add back the amount deducted on the federal return.
- Add back the federal net operating loss when it is larger than the South Carolina net operating loss being claimed.
- Add back any expenses deducted on the federal return related to any income not taxed by South Carolina. Some examples are investment interest to out-of-state partnerships and interest paid to purchase US obligations.
- Add back foreign area allowances, cost of living allowances, and income from US possessions.
- For qualifying investments made after June 30, 1998, taxpayers must reduce the basis of the qualifying property to the extent the Capital Investment Tax Credit is claimed. Add back any resulting reduction in depreciation.

 1. necessary because contributions were more than the allowable limits; or
 2. more than the amount needed to cover qualified catastrophe expenses.

Do not include any withdrawals made by the surviving spouse of the account owner. Qualified catastrophe expenses are expenses paid or incurred because of a major disaster as declared by the Governor.
- A business must add back any amount paid for services performed by an unauthorized alien if the amount is \$600 or more a year.

Depending on how a particular item was reported or deducted, the following may be additions or subtractions.

- A change in the accounting method to conform in the same manner and the same amount to the federal. At the end of the federal adjustment, any balance will continue until fully adjusted.
- Adjust the installment method of reporting if:
 - the entire sale has been reported for state purposes, or
 - the entire sale was reported for federal purposes and you wish to continue on an installment basis for state purposes.
- Adjust the federal gain or loss to reflect any difference in the South Carolina basis and federal basis.

Line 2:

Add line a through line e.

Subtractions From Federal Taxable Income

Enter all numbers on **line f through line w** as positive numbers even if they are negative numbers on the federal return.

Line **f through line w** are adjustments which are subtracted from your federal taxable income to determine your South Carolina taxable income.

Line f: State tax refund

If you included your state tax refund on your federal 1040, enter that amount on this line.

Line g: Total and permanent disability retirement income

If **disability retirement income** was taxed on your federal Income Tax return and you are **totally and permanently disabled**, you may be able to deduct this income from your South Carolina taxable income.

You must be totally and permanently disabled, unable to be substantially gainfully employed, receiving income from a disability retirement plan, and eligible for the homestead exemption under SC Code Section 12-37-250. Attach a copy of the physician's statement establishing that you are totally and permanently disabled.

The deduction is limited to payments received from retirement plans. Third-party sick pay reported on a W-2 does not qualify for the total and permanent disability retirement deduction.

If you deduct total and permanent disability retirement income on this line, do not include that income in your qualified retirement income in the worksheets for line p-1 or line p-2.

A surviving spouse may take a disability retirement deduction for amounts received in the year the disabled spouse died. In following years, a surviving spouse is eligible for the retirement deduction on **line p** but not the disability deduction.

Line h: Out-of-state income/gain

Enter:

- income from out-of-state rental property
- income from a business located outside South Carolina, or
- gain from real property located in another state.

Enter the amount as reported on your federal return. Check the appropriate box to indicate the type of income or gain.

Personal service income (W-2 or business wages) is taxable to South Carolina no matter where it is earned.

Line i: Net capital gain deduction

Net capital gains included in taxable income are reduced by 44% for South Carolina Income Tax purposes.

Net capital gain means the **excess** of the **net long-term** capital gain for the tax year **over** the **net short-term** capital loss for the tax year. The South Carolina holding period for long-term capital gains is the same as the federal holding period. Income received from installment sales and capital gain distribution qualifies for this deduction if the more than one year holding period has been met. Multiply the net capital gain by 44% and enter the result.

Example: A taxpayer reports a long-term (LT) gain on stock (held more than one year) of \$10,000 and a long-term loss on stock held since 1985 of \$3,000. The taxpayer also reports a short-term (ST) loss on stock held for six months of \$5,000.

SC Net LT Capital Gain		\$7,000 (10,000- 3,000)
- SC Net ST Capital Loss	-	\$5,000
SC Net Capital Gain		<hr/> \$2,000
x Gain Deduction	x	44%
Amount to be deducted		<hr/> \$880

Line j: Volunteer deduction

Qualifying volunteer firefighters, rescue squad workers, volunteer hazardous material (HAZMAT) team members, reserve police officers, Department of Natural Resources (DNR) deputy enforcement officers, members of the State Guard, and state constables are allowed to deduct \$6,000.

- **Volunteer firefighters, rescue squad workers, and HAZMAT members** qualify only if their employer provides them with a form stating they have earned the minimum number of points established by the State Fire Marshal during the year.
- **Reserve police officers, DNR deputy enforcement officers, and State Guard members** qualify only if the appropriate authority provides them with an I-332, Written Certification for Reserve Police Officer, DNR Deputy Enforcement Officer, or Member of the State Guard, certifying their eligibility.
- **Volunteer state constables** qualify if they complete at least 240 logged service time hours per year. They must be designated as a state constable by the State Law Enforcement Division (SLED) prior to the tax year the deduction is first claimed. SLED must provide the volunteer state constable with documentation verifying that they have completed the annual training required for the recently completed fiscal year.

An individual is limited to one deduction of \$6,000. If a taxpayer and spouse both qualify, enter \$12,000. Enter the type and amount of deduction.

Line k: Contributions to the SC College Investment Program (Future Scholar) or to the SC Tuition Prepayment Program

You may deduct 100% of any contributions to the SC Tuition Prepayment Program made between January 1, 2024 and December 31, 2024.

Line l: Active trade or business income deduction

You may be able to elect to have South Carolina active trade or business income from a pass-through business taxed at a flat 3% rate. For more information see the I-335, Active Trade or Business Income Reduced Rate Computation. available at dor.sc.gov/forms. Enter the amount from the I-335, line 5 here.

Line m: Interest from US obligations

Enter the interest income from US obligations that you reported as income on your federal Income Tax return. US obligations include savings bonds, treasury notes, and treasury bills. For more information, see **SC Revenue Ruling #16-2**, available at dor.sc.gov/policy.

- Federal Home Loan Mortgage Corporation (Freddie Mac)
- Federal National Mortgage Association (Fannie Mae)
- Government National Mortgage Association (Ginnie Mae)

Line n: Certain nontaxable National Guard or Reserve pay

Income received by National Guard or Reserve members for customary annual training, weekend drills, and other inactive duty training is generally exempt from South Carolina Income Tax.

- Members of the National Guard or Reserves may deduct all inactive duty pay from the United States or any state for weekend drills and other inactive duty training they attended.
- Members of the National Guard and active duty Reserve members may also deduct up to 15 days of customary annual training pay, referred to as **active duty training** or **ADT**.
- Inactive duty Reserve members may also deduct up to 14 days of customary annual training pay, referred to as **active duty training** or **ADT**, plus up to two days of travel time listed on official orders.
- Full time Active Guard and Reserve (AGR) employees may deduct up to 15 days of annual training they attended and up to 24 days of weekend drills (a maximum of 39 days) at the daily rate of pay.

For more information, see **SC Revenue Ruling #09-16**, available at dor.sc.gov/policy. Do not enter amounts for Military Reserve and National Guard pay included in retirement income. See the instructions for **line v: Other subtractions** for information about deducting Military Reserve and National Guard retirement income.

Line o: Social Security and/or railroad retirement if taxed on your federal return

Enter the amount of Social Security from Title 2 of the Social Security Act or railroad retirement that was taxed on your federal return.

Line p-1 through line p-3: Retirement deduction

The deduction is allowed for an individual taxpayer who is the original owner of a qualified retirement account. An individual who is **under age 65** may claim a retirement deduction up to \$3,000 on qualified retirement income from their own plan.

An individual who is **age 65 or older** during the tax year may claim a retirement deduction up to \$10,000 on qualified retirement income from their own plan.

Line p-1: Include only qualified withdrawals from the taxpayer's own qualified retirement plan.

Line p-2: Include only qualified withdrawals from the spouse's own qualified retirement plan.

Line p-3: A surviving spouse receiving qualified retirement income on behalf of a deceased spouse may deduct up to \$3,000 or \$10,000 of the qualified retirement income, based on the age of the deceased spouse if they were alive. The surviving spouse must receive the decedent's retirement income as a surviving spouse.

The surviving spouse retirement deduction is in addition to the individual retirement deduction claimed from the taxpayer's own retirement plan.

If you are claiming the surviving spouse retirement deduction for more than one deceased spouse, calculate the deduction separately for each deceased spouse. Add the surviving spouse retirement

deductions and enter the total on line p-3. Attach a statement showing the date of birth for each deceased spouse and the separate calculation for each deduction.

Qualified retirement income is income from plans defined in IRC 401, 403, 408, and 457, and all public employee retirement plans of the federal, state, and local governments, including individual retirement plans, Keogh plans, and military retirement.

Disability retirement income due to total and permanent disability, Social Security income, and railroad retirement income do not qualify because these items are not taxed by South Carolina. See line g and line o.

Any portion of qualified retirement income received this tax year that resulted in a federal premature withdrawal penalty does **not** qualify for a retirement deduction.

Reduce the taxpayer and spouse retirement deductions by any military retirement deductions taken. Do not reduce the surviving spouse retirement deduction by any surviving spouse military retirement deduction taken.

Worksheet for taxpayer (line p-1)	
1. Maximum deduction allowed for taxpayer based on age (\$3,000 or \$10,000)	1.
2. Taxpayer's military retirement deduction (line p-4)	2.
3. Taxpayer's retirement deduction available (subtract line 2 from line 1; if less than zero, enter zero.)	3.
4. Taxpayer's individual qualified retirement income included in federal form (taxable IRA distributions, pensions, and annuities)	4.
5. Retirement deduction (lesser of line 3 and line 4). Enter on line p-1.	5.

Worksheet for spouse (line p-2)	
1. Maximum deduction allowed for spouse based on age (\$3,000 or \$10,000)	1.
2. Spouse's military retirement deduction (line p-5)	2.
3. Spouse's retirement deduction available (subtract line 2 from line 1; if less than zero, enter zero.)	3.
4. Spouse's individual qualified retirement income included in federal form (taxable IRA distributions, pensions, and annuities)	4.
5. Retirement deduction (lesser of line 3 and line 4). Enter on line p-2.	5.

Worksheet for surviving spouse (line p-3)	
Calculate separately for each deceased spouse.	
1. Maximum deduction allowed for surviving spouse based on age of deceased spouse had they lived (\$3,000 or \$10,000 for each deceased spouse)	1.
2. Qualified retirement income received as surviving spouse included in federal form (taxable IRA distributions, pensions, and annuities)	2.
3. Retirement deduction (lesser of line 1 and line 2). Enter on line p-3.	3.

Line p-4 through line p-6: Military retirement deduction

Beginning with tax year 2022, individuals may deduct all military retirement income included in their South Carolina taxable income. Reduce the retirement deduction (line p-1 and line p-2) and the age 65 and older deduction (line q-1 and line q-2) by the amount of military retirement deduction taken.

Military retirement income means taxable income received by the taxpayer or the taxpayer's surviving spouse from a qualified military retirement plan. Income that is subject to a penalty for premature distribution does not qualify as military retirement income. For a surviving spouse, military retirement income includes a retirement benefit plan and dependent indemnity compensation received due to the deceased spouse's military service.

Retirement benefits received for service in the National Guard or Reserves due to inactive time are subtracted on line v and are not included in taxable income. Do not include these amounts in the deduction on line p.

Line p-4: Include military retirement income related to the taxpayer's military service.

Line p-5: Include military retirement income related to the spouse's military service.

Line p-6: Include military retirement income received on behalf of a deceased spouse. Apply the deduction in the same manner that it was applied to the deceased spouse.

The surviving spouse military retirement deduction is in addition to any retirement deductions claimed on the taxpayer's own retirement income.

If you are claiming the surviving spouse military retirement deduction for more than one deceased spouse, calculate the deduction separately for each deceased spouse. Add the surviving spouse military retirement deductions and enter the total on line p-6. Attach a statement showing the date of birth for each deceased spouse and the separate calculation for each deduction.

Line q: Age 65 and older deduction

Beginning in the tax year a resident taxpayer reaches age 65, they are entitled to a deduction of \$15,000 against any South Carolina income.

Line q-1 applies to the taxpayer whose name appears first on the return.

Line q-2 applies to the spouse whose name appears second on the return.

Reduce the age 65 and older deduction claimed on line q-1 and line q-2 by:

- any individual retirement deduction claimed on line p-1 and line p-2, and
- any military retirement deduction claimed on line p-4 and line p-5

Claiming a surviving spouse retirement deduction on line p-3 or line p-6 does not reduce the age 65 and older deduction for a taxpayer on line q-1 or line q-2.

Worksheet for taxpayer (line q-1)	
1. Age 65 and older deduction amount	1. \$15,000
2. Retirement income deduction (line p-1)	2.
3. Military retirement income deduction (line p-4)	3.
4. Deduction available (add line 2 and line 3, then subtract the total from line 1. If less than zero, enter zero.) Enter on line q-1.	4.

Worksheet for spouse (line q-2)	
1. Age 65 and older deduction amount	1. \$15,000
2. Retirement income deduction (line p-2)	2.
3. Military retirement income deduction (line p-5)	3.
4. Deduction available (add line 2 and line 3, then subtract the total from line 1. If less than zero, enter zero.) Enter on line q-2.	4.

Assume for all examples that taxpayers have income to qualify for the age 65 and older deduction in addition to the retirement deductions.

Example 1: A taxpayer age 65 or older has no military or other sourced retirement income on line p-1 or line p-4. The taxpayer is eligible for a deduction of \$15,000 on line q-1.

Example 2: A taxpayer age 65 or older has no military retirement income but has other sourced retirement of \$14,000. The taxpayer is allowed a deduction of \$10,000 on line p-1 and a deduction of \$5,000 on line q-1.

Example 3: A taxpayer age 65 or older has military retirement income of \$13,000 and is allowed a deduction on line p-4 of \$13,000. The taxpayer is allowed a deduction of \$2,000 on line q-1. The maximum allowed deduction for 2024 is \$15,000.

Example 4: A taxpayer age 65 or older has military retirement income of \$36,000 and no other earned income. The taxpayer is eligible for a military retirement deduction of \$36,000 on line p-4. The taxpayer is not allowed an additional amount on line q-1.

Example 5: A taxpayer age 65 or older has military retirement income of \$16,000 and other sourced retirement income of \$8,000. The taxpayer is allowed a deduction on line p-4 of \$16,000. The taxpayer is not allowed an additional amount on line p-1 or line q-1.

For more information about retirement deductions and the age 65 and older deduction, refer to **SC Revenue Ruling #22-11**, available at dor.sc.gov/policy.

Line r: Negative amount of federal taxable income

Because the South Carolina return begins with your federal taxable income, it is important that you get the benefit of the negative amount from the taxable income line of the federal return. On the SC1040, start with zero on line 1. Do not enter a negative amount. On line r of the SC1040, enter the negative amount from the taxable income line of the federal return. Enter as a positive number.

Line s: Subsistence allowance

Police and all commissioned law enforcement officers paid by South Carolina municipal, county, or state governments or the federal government, **full-time** firefighters, and **full-time** emergency medical service personnel are entitled to a subsistence allowance of \$16 per regular workday. Your employer should provide you with the number of work days.

Line t: Dependents under 6 years of age

A deduction is allowed for each dependent claimed on your federal Income Tax return who had **not** reached the age of 6 by December 31 of the tax year. Birth dates and SSNs are required. See worksheet below.

Worksheet for dependent under age 6	
1. South Carolina dependent exemption amount	1. \$4,790
2. Number of dependents claimed on your 2024 federal return who had not reached age 6 during the tax year	2.
3. Allowable deduction (multiply line 1 by line 2). Enter on line t.	3.

Line u: Consumer protection services

An individual may deduct the costs of a monthly or annual contract or subscription for identity theft protection and resolution services. The deduction is only for individuals who filed a return with the SCDOR for a tax year between 1998 and 2012 or whose Personal Identifiable Information (PII) was included on another’s return. An individual who deducted the same actual costs as a business expense may not claim the deduction.

The deduction is limited to:

- \$300 for an individual taxpayer
- \$1,000 for a married filing jointly return
- \$1,000 for a return claiming dependents

Identity theft protection includes products and services designed to prevent an incident of identity fraud or identity theft. It protects against the disclosure of your PII (for example, your SSN) by preventing a third party from using unauthorized access to your PII to obtain financial resources or other products, benefits, or services.

Identity theft resolution services include products and services designed to assist persons whose PII was obtained by a third party. This minimizes the effects of the identity fraud or identity theft incident and restores the person’s identity to its pre-theft status.

Line v: Other subtractions from income

Attach an explanation of your entry on this line. Some examples of items which may be subtracted on this line:

- You may deduct 100% of any contributions made to a Palmetto ABLE Account Expense Fund, subject to program limitations, between January 1, 2024 and December 31, 2024. For more information, visit treasurer.sc.gov.
- South Carolina does not recognize bonus depreciation in IRC Section 168(k). With or without bonus depreciation, the depreciable life of the property is the same for federal and state purposes. For the tax year the property is placed in service, a taxpayer must add back, on line e of the SC1040, the difference between the depreciation deduction allowed for federal purposes and the deduction that would have been allowed without bonus depreciation. The South Carolina adjusted basis will then be greater than the federal adjusted basis. For all other years of the depreciable life of the property, an additional depreciation deduction is available for South Carolina purposes.
- South Carolina net operating loss that is larger than the federal amount is a subtraction. The same loss can only be deducted once. Attach your own worksheet or keep with your tax records. No carryback losses are allowed.
- Legislators within a 50-mile radius of the State House are allowed to subtract travel expenses.

- Retirement income paid by the US government for service in the Reserves or National Guard is not taxed for South Carolina purposes. You may deduct the entire amount of any stipend paid by the state of South Carolina for National Guard service. Determine the percentage of your military retirement income which is excludable by dividing the length of time you served in the Reserves and/or National Guard (not full-time) by the length of time of your total military service as follows:

Worksheet for military retirement exclusion			
Inactive Reserve Time			
+ Inactive National Guard Time	_____	=	_____ % exclusion
Total Military time (active and inactive)			
Determine the excludable amount of your military retirement income by multiplying it by the percentage of exclusion as follows:			
_____ % exclusion	X	total taxable military retirement income shown on federal return	= excludable military retirement income to be entered on line v

If you deduct retirement income on this line, do not include that income in your qualified retirement income in the worksheets for line p-1 or line p-2.

- If you have adopted a special needs child, you may subtract \$2,000 per year per child as long as the adopted child qualifies as a dependent on your federal return.

A special needs child is:

1. a person under the age of 18 at the time of adoption
2. a dependent of a public or private non-profit adoption agency
3. legally free for adoption
4. determined by the agency to have specific conditions

Attach a copy of the letter you received at the time of adoption from the SC Department of Social Services which certified the person as a special needs child.

- Subtract amounts contributed to a Catastrophe Savings Account and interest income earned by the account.

If your legal residence is insured against hurricane, rising floodwaters, or other catastrophic windstorm event damage, you are allowed to contribute:

- \$2,000 if the qualified deductible is \$1,000 or less
- twice the qualified deductible if it is between \$1,000 and \$7,500
- \$15,000 if the qualified deductible is more than \$7,500

If your legal residence is not insured against hurricane, rising floodwaters, or other catastrophic windstorm event damage, the limit is \$250,000 or the value of your legal residence, whichever is less.

- If you are eligible for the Preceptor Credit on the TC-62 and you served additional rotations that exceeded the credit limit for the tax year, you may be eligible for a deduction equal to the amount that the credit would have been for the additional rotations. Refer to the TC-62, available at dor.sc.gov/forms, for information on calculating the deduction. For additional information, see **SC Revenue Ruling #20-2**, available at dor.sc.gov/policy.

Depending upon how a particular item was reported or deducted, the following may be additions or subtractions.

- A change in accounting method to conform in the same manner and same amount as federal. At the end of the federal adjustment, any balance will continue until fully adjusted.
- Adjust the installment method of reporting if:
 - the entire sale was reported for state purposes, or
 - the entire sale was reported for federal purposes, and you wish to continue on an installment basis for state purposes.
- Adjust the federal gain or loss to reflect any difference in the South Carolina basis and federal basis.

Line w: South Carolina dependent exemption

A South Carolina dependent exemption is allowed for each eligible dependent, including both qualifying children and qualifying relatives. Eligible dependents are dependents claimed on your federal Income Tax return. See worksheet below.

Worksheet for South Carolina dependent exemption	
1. South Carolina dependent exemption amount	1. \$4,790
2. Number of dependents claimed on your federal return	2.

South Carolina Tax

Line 6: Tax on South Carolina taxable income

If your income subject to tax on line 5 is less than \$100,000, use the SC1040TT, South Carolina Individual Income Tax Tables, to determine your South Carolina tax. Enter the tax on line 6.

If your income subject to tax on line 5 is \$100,000 or more, use the tax rate schedule provided in the SC1040TT to compute your tax. Enter the tax on line 6. The SC1040TT is available at dor.sc.gov/forms.

Line 7: Tax on lump-sum distribution

South Carolina follows the federal provisions regarding lump-sum distributions. If you used the federal 4972 for a lump-sum distribution, you must use the SC4972 to compute the South Carolina tax. The SC4972 is available at dor.sc.gov/forms.

This separate tax on lump-sum distributions is in addition to the tax computed on line 6.

Do not enter the federal 10% premature early withdrawal penalty on line 7.

Line 8: Tax on active trade or business income

Enter the amount from the I-335, line 9.

Line 9: Tax on excess withdrawals from catastrophe savings accounts

Excess withdrawals from a Catastrophe Savings Account are taxed an additional 2.5% unless:

- the taxpayer no longer owns a qualifying legal residence in South Carolina

- the amount contributed was within the allowable limits, and the withdrawal occurred after the taxpayer reached age 70, or
- the withdrawal followed the death of the individual who set up the account or the surviving spouse.

Nonrefundable Credits

Line 11: Child and Dependent Care Credit

For a full-year resident, the credit is calculated at 7% of the federal child and dependent care expense.

If you are a part-year resident or nonresident, you are not eligible for this credit if you are a resident of a state that does not offer a credit for child and dependent care expense to nonresidents of that state.

If you are an eligible part-year resident or nonresident, calculate the credit at 7% of the prorated federal expenses using your proration percentage from the Schedule NR.

The maximum credit allowed is \$210 for one child or \$420 for two or more children.

You cannot claim this credit if your filing status is Married Filing Separately.

Example A: Full-year resident

Federal child care expense from the federal 2441 is \$2,000
 $\$2,000 \times .07 = \140 (allowable credit)

Example B: Part-year resident or nonresident

Federal child care expense from the federal 2441 is \$2,000, and the proration percent from line 45 of Schedule NR is 30%.

$\$2,000 \times .30 = \$600 \times .07 = \$42$ (allowable credit)

Line 12: Two Wage Earner Credit

This credit is available to a married couple filing jointly when both spouses have earned income taxed to South Carolina. This credit is **not** allowed on returns with a filing status of Single, Married Filing Separately, or Head of Household.

For 2024, the credit is computed at .007 of the lesser of \$50,000 or the South Carolina qualified earned income of the spouse with the lower South Carolina qualified earned income for the taxable year.

Use your South Carolina qualified earned income to calculate the credit. Compute your South Carolina qualified earned income by subtracting certain adjustments reported on your federal 1040 from your South Carolina earned income.

Adjustments to subtract are:

- deductible part of self-employment tax
- self-employment SEP, simple and qualified plans
- self-employment health insurance deduction
- IRA deduction
- repayment of sub-pay

South Carolina earned income is generally income you receive from services you provide. Compute the earned income for you and your spouse separately.

Earned income includes	Earned income does not include
wages salaries tips commissions sub-pay self-employment income business income or loss partnership income or loss farm income or loss	gambling winnings bingo winnings interest dividends Social Security benefits IRA distributions retirement plan or annuity benefits deferred compensation any amount your spouse paid you

Example: A taxpayer earned a salary taxed to South Carolina of \$40,000. The taxpayer’s qualified earned income is \$40,000. Their spouse earned wages of \$17,000 taxed to South Carolina and had an IRA deduction of \$1,000. The spouse’s qualified earned income is \$16,000 (\$17,000- \$1,000). The credit is based on the spouse’s qualified earned income, because it is the lesser of the two. The credit is \$112 (\$16,000 x .007).

Line 13: Other nonrefundable credits

Attach tax credit schedules for all tax credits you claim, along with the SC1040TC Worksheet and the SC1040TC, to your Income Tax return. We may disallow your tax credits if you do not attach necessary schedules to your return. Forms are available at dor.sc.gov/forms.

Line 26: South Carolina Use Tax

Use Tax is due on purchases outside of South Carolina for use, storage, or consumption in South Carolina. Use Tax is paid to the SCDOR when state Sales and Use Tax has not been collected by the seller.

You may need to pay Use Tax if you make purchases:

- from retailers online
- from out-of-state catalog companies
- from home shopping networks
- when visiting another state

The tax rate for the Use Tax is the same as the Sales Tax. The rate is determined by where the tangible personal property will be used, stored, or consumed, regardless of where the sale takes place. For more information and updated tax rates, visit dor.sc.gov/tax/use.

You have three options for reporting and paying Use Tax:

1. On line 26 of your SC1040, Individual Income Tax Return. Calculate your Use Tax using the SC Use Tax Worksheet below. No additional form or paperwork is required.
2. Online using our free tax portal, MyDORWAY, at MyDORWAY.dor.sc.gov. Log in to your existing account or create a new account to get started. No additional form or paperwork is required.
3. Mail the UT-3 with your check to: **SCDOR, Sales Taxable, PO Box 100193, Columbia, SC 29202**. Make your check payable to SCDOR. Include your name, SSN, and UT-3 in the memo. **Do not send cash.**

If you have paid your Use Tax during the year or have no Use Tax due, check the box on line 26.

Use Tax rates

The state Sales and Use Tax rate is **6% plus the applicable local Use Tax rate of the county** in which you are located or other applicable rate wherever tangible personal property was delivered. Sales of unprepared food are exempt from state Sales and Use Tax. Local taxes still apply to sales of unprepared food unless the local tax law exempts such sales.

The following are the tax rates for each county as of May 1, 2024:

- 6%- Georgetown, Greenville, Oconee
- 7%- Abbeville, Anderson, Beaufort, Dorchester, Fairfield, Greenwood, Hampton, Lexington, Newberry, Orangeburg, Pickens, Spartanburg, Sumter, Union, York
- 8%- Aiken, Allendale, Bamberg, Barnwell, Calhoun, Cherokee, Chester, Chesterfield, Clarendon, Colleton, Darlington, Dillon, Edgefield, Florence, Horry, Jasper, Kershaw, Lancaster, Laurens, Lee, Marion, Marlboro, McCormick, Richland, Saluda, Williamsburg
- 9%- Berkeley, Charleston, Horry-City of Myrtle Beach

Line 30: Refund

However, upon notification, we can release the refund. **You are required to mark your refund choice on line 35.**

Line 31: Net tax

Add line 25 and line 29.

Line 32: Late filing and late payment penalties and interest

If you calculated failure to file or failure to pay penalties and interest, enter in the appropriate blanks and put the total of both on line 32.

A failure to file penalty is charged for failing to file a tax return on or before its due date, considering any extension of time for filing. The penalty is 5% of the tax amount if the failure is for not more than one month, with an additional 5% for each additional month or fraction of a month the failure continues, not to exceed 25% in total.

A failure to pay penalty is charged for failing to pay the tax on any return on or before its due date. The penalty is 0.5% of the tax if the failure is for not more than one month, with an additional 0.5% for each additional month or fraction of a month the failure continues, not to exceed 25% in total.

Any unpaid portion of the final tax due will accrue interest at the prevailing federal rates. This amount is computed from the original due date of the tax return to the date of the payment.

Find a Penalty and Interest Calculator on our free online tax portal, MyDORWAY, at dor.sc.gov/calculator.

Line 33: Underpayment of Estimated Tax penalty

You may owe a penalty for underpayment if you did not pay in the lesser of 90% of your tax liability for 2024 or 100% of your liability for 2023 in four equal amounts by the required dates.

If your adjusted gross income is \$150,000 or more, the 100% rule is modified to be 110% of the tax shown on your 2023 Income Tax return. Refer to the SC2210, available at dor.sc.gov/forms, to calculate any penalty that may be due.

Exceptions to the underpayment of Estimated Tax:

- Enter an A in the box if you completed federal Schedule AI-Annualized Income Installment Method for South Carolina purposes when determining the amount to enter on line 33.
- Enter an F in the box if you are a farmer or fisherman who receives at least two-thirds of your gross income for the year from farming and fishing and you pay your tax due by March 3, 2025.
- Enter a W if you are requesting a waiver of your penalty for any other reason. See the SC2210 instructions, available at dor.sc.gov/forms, for information on what qualifies for a waiver of penalty.

Calculate your penalty for underpayment and enter the amount on line 33. If you are due a refund, subtract the penalty amount from the difference of line 24 and line 29 and enter the result on line 30. Attach the SC2210 to your tax return when using an exception to waive the penalty.

Line 34: Balance due

Add line 31 through line 33 and enter the total on line 34. This is the amount you owe.

If you owe \$15,000 or more in connection with any SCDOR return, you must pay electronically according to SC Code Sections 12-54-250 and 12-54-210.

If you are requesting direct deposit of your refund and your account information is not complete and correct, we will mail a paper check to the address listed on your return. If you are making a payment by ACH Debit, the withdrawal of the funds will not be successful if your account information is not complete and correct.

Enter your account information.

1. Mark an **X** to choose checking or savings account.

Sign and date your return

You must sign your return. If your filing status is Married Filing Jointly, both spouses must sign.

The return for a deceased taxpayer must be signed by a surviving spouse, an executor, or an administrator. If you are signing as a surviving spouse, write **filing as surviving spouse** by your signature.

If signing as a personal representative, sign in your official capacity and attach a completed SC1310, Statement of Person Claiming Refund Due a Deceased Taxpayer, available at dor.sc.gov/forms.

Any refund check will be issued to the decedent's surviving spouse or estate.

Authorization

The signature section of the return contains a **check the box** authorization for release of confidential information. A check in the **yes** box authorizes the Director of the SCDOR or delegate to discuss the return; its attachments; and any notices, adjustments, or assessments with the preparer.

If a person is paid to prepare the Income Tax return, their signature and Preparer Tax Identification Number (PTIN) or Federal Employer Identification Number (FEIN) are required in the spaces provided. Penalties are applicable for failure to comply.
